Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Honolulu and Hilo occur about one hour earlier than at Honolulu. Hawaiian standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 3 hours, 0 minutes. The Sun and moon are for local time for the whole group.

KALIH CAMP RENT RAISED

BISHOP ESTATE STATES TERMS ON WHICH BOARD OF HEALTH MAY REMAIN.

The Board of Health yesterday received a letter from the Bishop estate stating terms at which the estate is willing to lease to the government the land on which the leper station at Kalih is located. The annual rent is stated at \$400, which is a great increase, as the government has only been paying \$40 on its old lease and now only wants to retain the 8.8 acres which are used by the board of health institutions. The letter, which was referred to Dr. Cooper for investigation, stated the terms as follows: "Honolulu, Feb. 24, 1904.

"Charles B. Cooper, M. D., President of the Board of Health, Honolulu.

Dear Sir: Referring to your communication No. 1478, dated February 19th, 1904, the trustees of the estate of B. P. Bishop will grant to the Territorial Board of Health a lease of the 8.8 acres at Papalana, this city, desired and now used by it for pest house purposes and home for non-leprous children of leprous parents, upon the following terms and conditions:

1st—That the Territorial Government, the present lessee, signify in writing its acquiescence to the release of the portion of the premises desired, now held by the government made under Bishop Estate lease No. 764.

2nd—That the proposed lease date from the first of January, 1905, the date of expiration of the said lease No. 764 to the government, and to endure for the term of ten (10) years then ensuing.

3rd—That the rental be four hundred dollars (\$400) per annum payable annually in advance net above all taxes, rates and assessments whatsoever.

4th—That the lessee be privileged to use water from the artesian well on the mauka side of the road controlled by the said lessors, provided, however, that the connection therewith be not larger than a 3-inch pipe laid along the mauka side of the railroad track in such manner as may be approved by the lessors or their agents; and that all costs for labor and material required in making such connection, and for all necessary changes and alterations thereof during the term of lease be borne by the lessee. Reserving, however, from this privilege unto the lessors, the right to tap the water main at any time or place for the benefit of other tenants of the Bishop Estate to such extent as the supply of water may warrant.

5th—That the conditions of lease be as usually embodied in those issued by the trustees of this Estate, and all costs to be borne by the lessee.

"This offer is subject to written acceptance within 30 days from date.

"Very truly yours,

"E. T. WINANT.

"For Secretary, Estate B. P. Bishop."

A letter was received from Mrs. Mary S. Whitney of the W. C. T. U. regarding a drinking fountain to be erected by that organization. It was filed, as an application to erect the fountain is expected later.

Dr. P. R. Waughop sent from Chicago his resignation of the position of Government physician for Kealia and Hanalei, Kauai, as he did not intend returning to the Territory. Dr. Putman has been filling his place for some time.

There was no report from the committee on cemeteries, but it was agreed that the Board in a body should make a tour of those places next week.

REPORT MADE ON DE BOLT'S RULES

BAR ASSOCIATION COMMITTEE DISAPPROVES MANY OF THOSE SUGGESTED BY THE JUDGE.

A meeting of the Bar Association was held yesterday to discuss the set of rules of practice prepared by Circuit Judge De Bolt. The report of the committee to which the rules were referred some time ago was received. It was opposed to many of the rules suggested, the report being as follows:

"We recommend that rules be not made which practically embody the requirements of Statutes, or to suggest forms of judgments, decrees and oaths to witnesses, jurors and interpreters, or of petitions in probate, or which require that all papers be endorsed, written and folded in a prescribed way; and which prescribe the ordinary routine of a jury trial, or the proper rules of professional etiquette to be observed by members of the Bar.

"The bonds required by Rules 12 and 13 are not required by the Statute, and we think that the law would not authorize them to be required by Rules.

"We recommend that Rule 6 concerning bills of particulars be not adopted, both because it conflicts with the mechanics' lien statute, and because while a defendant if he likes can always get it from the plaintiff, it is frequently not desired, and the plaintiff in order to prepare such particular, especially of claims of parties not within the Circuit, may lose valuable time for entering suit or garnishment.

"We think that the Rules should not specifically require that instructions be presented to the jury in all cases immediately upon the close of the evidence.

"The specifications of grounds of demurrer required by Rule 7, and also the requirement of the Rule that demurrers and all other matters in a case shall be heard by the judge before whom the case is pending are not recommended by us. Section 1103 C. L. makes the latter unnecessary, and the former are sufficiently provided for by the common law.

Why The U. S. Machine Is The Best—BECAUSE

It is the only Rotary Washer that has revolving steel ball gearing, reducing the friction and thus making machine so light running and almost noiseless.

The gear wheel turns right or left, the pin wheel or dasher reverses automatically, turning the clothes back and forth through the hot soap suds and cleaning them WITHOUT RUBBING THEM TO PIECES.

Over One Hundred Thousand in use.

The U. S. Machine have no equal because they wash clean.
